MAGNETIC FLUID.

This is to certify that for the past two years I have been afflicted with the disease cailed Hip Complaint, during which time I was attended by Drs. Carter and Watson without receiving any retief. The severity of the disease was such that I was obliged to give up my business, and I have often lain several days without being able to turn in my bed. Medicine only made me worse, and I was deally getting more and more belpiess. Early last winter I procured Dr. Christice's Galvanic Belt, a pair of Bands and the Magnetic Fluid, and from the time I commenced wearing them I began to improve it, neath. I am now stronger than ever was previous to my sickness, and am now so far recovered that I can suffer any faiting. I would also state, three months after commencing the use of the Galvanic Belt and Fluid I framed the whole of the timber of a three-story dwelling. I consider Dr. Christic's Galvanic remedies an invaluable higasing, and have made the above statement voluntarily and as a matter of duty to the afflicted.

SEVERE INJURY TO SYNE.

This will certify that for a number of years past I have been in feeble health in consequence of having a severe fall in the hold of my vessel which sprained my back and seriously injured my spine. I have consulted physicians and tried the Balsam of Liverwort, Sarsaparilla, and many other medicines, and all to no purposes. About a month ago I produced Dr. Christic's Galvanic Belt and Magnetic Fluid, and I have entirely recovered. In ever expected to be well again, and thought I would have to give up consting, but I now feel better than I have for a number of years past and am in svery respect an altered person. Nothing would induce me to part with my Bett II could not procure another.
